Charging Cases

Power Solutions for Any Device

Add Cradle-Charging, Extended Battery, or Wireless Charging to ANY phone

Keeping your phone charged is necessary in today's world whether or not you're collecting data. KOAMTAC's charging cases have been created to help make sure you can charge and stay charged any way you want to.

Protective Charging Cases

The KOAMTAC Protective Charging Cases add extra protection to your smart phone while also adding the ability to charge via Charging Cradle. With one simple adaptor, the 2,000 mAh Extended Battery pack can be added to ensure lasting power even with the most battery-draining apps. If your phone is not listed below, you can still add protective charging via uniVERSE Case Adaptor or Universal Case Adaptors.

Cases available for:

- Samsung Galaxy A10e, A20, A50
- Samsung Galaxy Tab Active3

Inductive Charging Cases

KOAMTAC's newest line of Inductive Charging Cases is the perfect solution for anyone with a phone that does not have wireless charging capabilities built into the hardware. Whether using a Custom Inductive Charging Case or attaching the uniVERSE Case Adaptor or Universal Case Adaptor, users will experience little added bulk and weight. Adding this case to a smartphone will enable wireless charging for any Qi-enabled pad.

Cases available for:

- Samsung Galaxy A10e, A20, A50
- Samsung Galaxy Tab Active3

General Universal Case Adaptor (GUA) for Protective Charging

Connect to any Android case to enable charging of your phone with a charging cradle. Combined with the Extended Battery Adaptor, your phone or tablet will now be compatible with the Extended Battery Companion.

Generals Universal Case Adaptor (OUA) for Inductive Charging

Allows any Android phone to charge using a wireless charging mat, puck, or stand. Simply attach the adaptor to the phone's case and the Inductive Charger will make wireless charging a breeze.

uniVERSE Case Adaptor for Protective Charging

Connect the uniVERSE Adaptor to any Android OtterBox uniVERSE case to enable charging of your phone with a charging cradle. Combined with the Extended Battery Adaptor this will also enable compatibility for the Extended Battery Companion.

uniVERSE Case Adaptor for Inductive Charging

The uniVERSE Adaptor for Inductive Charging allows any Android phone with an OtterBox uniVERSE case to charge using a wireless charging mat, puck, or stand. Simply attach the adaptor to the phone's case and the Inductive Charger will make wireless charging a breeze.
