

Pistol Grip

for KDC1000/1100 SmartSled®

Engineered for Efficiency

The Pistol Grip Companion adds comfort and additional efficiency to your iPhone SmartSled, delivering the perfect balance of accuracy and all-day endurance. Its lightweight, ergonomic trigger grip minimizes fatigue during extended data collection, while the secure screw lock design keeps everything stable and dependable, even in the most demanding environments.

Pistol Grip

for KDC1000/1100 SmartSled®

Simple Scanning

Simply target a barcode with your SmartSled for iPhone and pull the trigger for rapid scanning.

Extra Battery Life

The Pistol Grip companion optionally includes a rechargeable and removable 6,000mAh battery, prolonging battery life for your iPhone host device.

Interchangeable

The Pistol Grip companion and the Extended Battery companion seamlessly interchange with each other on the SmartSled for iPhone. Enhance warehouse efficiency with the Pistol Grip, while maximizing mobility on the store floor with the Extended Battery.

Comfortable in Your Hand

The Pistol Grip companion is engineered for optimal comfort on the SmartSled for iPhone, providing a sleek, lightweight design that allows for extended scanning sessions without causing additional strain on your arms and hands.

Charging Cradle Ready

Dedicated KDC1000/1100 Charging Cradles that support Pistol Grip companions are available in 1-slot and 5-slot configurations, securely fitting your SmartSled solution for iOS and utilizing pogo pins for charging. A 1-Slot Cradle is also feature spare 6000mAh battery charging slots with another option without the battery slot. These cradles charge Samsung host devices and optional Pistol Grip batteries simultaneously. If not using a cradle, charging is done via USB-C.
