Pistol Grip

for KDC1000/1100 SmartSled®

Simple Scanning

Simply target a barcode with your device and pull the trigger for rapid scanning.

Extra Battery Life

The Pistol Grip companion optionally includes a rechargeable and removable 6,000mAh battery, prolonging battery life for your host device.

Interchangeable

The Pistol Grip companion and the Extended Battery companion seamlessly interchange with each other. Enhance warehouse efficiency with the Pistol Grip, while maximizing mobility on the store floor with the Extended Battery.

Comfortable in Your Hand

The Pistol Grip companion is engineered for optimal comfort, providing a sleek, lightweight design that allows for extended scanning sessions without causing additional strain on your arms and hands.

Charging Cradle Ready

Dedicated KDC1000/1100 Charging Cradles that support Pistol Grip companions are available in 1-slot or 5-slot configurations, securely fitting the entire solution and utilizes pogo pins for charging. Cradles also feature spare 6000mAh battery charging slots. These cradles charge host devices and optional Pistol Grip batteries simultaneously. If not using a cradle, charging is done via USB-C.
