

MUA Charging Cradles

for KDC® SmartSled® Series

Convenient and Secure Charging for Your SmartSled

MUA SmartSled Charging Cradles provide convenient charging for FMUA-equipped KDC1000, KDC1100, and KDC1200 SmartSled scanners. Available in single-slot, dual-slot, and multi-slot configurations, they support 15W fast charging to keep SmartSled devices powered, organized, and ready for every shift.

for KDC® SmartSled® Series

Versatile

Available in 1-slot, 2-slot, and 10-slot configurations, FMUA SmartSled Charging Cradles adapt to a wide range of deployment needs. The 1-slot model is ideal for individual users, while the 2-slot and 10-slot models support shared workstations and larger device fleets. From personal workspaces to enterprise environments, there is a charging solution to match your operation.

Secure & Convenient

The SmartSled docks securely in the cradle and charges through reliable pogo-pin contacts, eliminating the need for cables and reducing wear on device ports. Simply place the device in the cradle to begin charging your SmartSled. Host smartphones are not charged via these cradles.

Upgradeable & Future-proof

Protect your investment with a future-ready charging solution. FMUA SmartSled Charging Cradles feature a modular spacer design that allows compatibility updates without replacing the entire cradle. When transitioning to a new host device, simply replace the spacers to extend the life of your charging infrastructure and reduce replacement costs.

Charging Cradle Details

LED Indicator

Green: Fully charged
 Orange: Charging
 Blinking Orange: Power is supplied to the cradle
 Blinking Red: Charging issues

Dimensions

1-Slot: 4.7" x 2.9" x 2.3" (119 mm x 74 mm x 59 mm)
 2-Slot: 3.9" x 4.7" x 2.5" (100 mm x 120 mm x 64 mm)
 10-Slot: 19.7" x 4.7" x 2.5" (500 mm x 120 mm x 64 mm)

Weight

1-Slot: 0.56 lbs (245 g)
 2-Slot: 0.49 lbs (223 g)
 10-Slot: 2.64 lbs (1198 g)

Charging Interfaces

Charge via USB Type-C: 5V/2A, Normal Charging
 9V/1.67A, Fast Charging, must use Samsung 25W PD charger
 Charge via DC Connector: 12V/2A, Adaptive Fast Charging

Security Features

Temperature detection and waterspout
