

Pistol Grip

for KDC480/485 SmartSled®

Ready, Aim, Scan!

Discover the perfect balance of comfort and accuracy with our lightweight, ergonomic Pistol Grip companion, ensuring seamless scanning and long-lasting power for a full day of data collection.

Pistol Grip

for KDC480/485 SmartSled®

Simple Scanning

Simply point your device at a barcode and pull the trigger to quickly scan it.

Extra Battery Life

The Pistol Grip companion can optionally contain a rechargeable 6,000mAh battery inside the grip, prolonging battery life for your host device.

Interchangeable

The Pistol Grip companion and the Extended Battery companion seamlessly interchange with each other. Enhance warehouse efficiency with the Pistol Grip, while maximizing mobility on the store floor with the Extended Battery.

Comfortable in Your Hand

The Pistol Grip Companion is designed to ensure maximum comfortability in your hand. With a non-bulky profile and lightweight design, the Pistol grip companion can handle a full day of scanning without being taxing on your arms and hands.

Charging Cradle Ready

Dedicated KDC480/485 Charging Cradles that support Pistol Grip companions are available in single and multi-slot configurations, securely fitting the entire solution and utilizes pogo pins for charging. Cradles also feature spare 6000mAh battery charging slots. These cradles charge host devices and optional Pistol Grip batteries simultaneously. If not using a cradle, charging is done via USB-C.
